

Nau mai haere mai,

We welcome many new Tamariki to our whānau this term– Paige, Areo, Angus, Kelly, Micheal, William and Jaylah! We are all excited to have new tamariki on board and look forward to many adventures to come.

Whanau help

This term we are calling upon the whanau of all our tamariki here to support the teachers at the end of the day clean up. We are asking for help for jobs that need to be done every day but can't get done due to our meetings, professional learning and so on so we implore you to have a look at the roster and see which days you are on! If these days do not suit, please organise to swap with another parent!

Healthy heart award

Milton kindergarten has been awarded the 'Rito' award for the Healthy Heart programme :) This is very exciting for us and has provided great learning opportunities for developing our understanding of healthy eating and physical activity in our kindergarten. We have shared lots of ideas to promote healthy lifestyles and will continue to do so this term!

House keeping:

- We have recently had head lice coming into the kindergarten, please be mindful to check your children's hair and treat them as soon as possible.
- We would also like to send out a gentle reminder about the donations roster! Please check when.

Agentle reminder

to name your children's clothes at kindergarten. Often there are similarities with popular trends (paw patrol, batman etc) and it can be hard for these clothes to find their way back to their rightful owner.

Milton Kindergarten

Term one 2018

Kia ora whanua,

Welcome back to another busy year at Milton Kindergarten! The teaching team Emma, Cate, Brittany, Natalie, and Christine are feeling refreshed and ready to crack into the year! We are hoping that everyone had a lovely break over Christmas and New Year and are ready to get busy learning with us.

Group planning,

This term we are learning about Mana reo – Communication.

Indicator one: Children will be discovering and engaging in a range of expressive modes (dance, story park, role play, non-verbal and verbal communication).

Indicator two: Children will express themselves through a range of expressive and creative modes (talking, singing, role play, art).

Through the group planning teachers will be engaging children in a wide range of experiences such as stories, rhymes, music and movement songs, art, role play etc. Watch this space!
